kwillhoft@penncommercial.edu or Call 724-222-5330 ext 352

About the partnership:

Lennox Industries is pleased to partner with Penn Commercial on the grand opening of their refreshed HVAC program. The HVAC industry is 20,000 technicians short today. In 2018, that number is projected to be 80,000. By partnering with schools like Penn Commercial throughout the US and Canada, Lennox can help individuals start their career path in this exciting fast-paced field.

By providing equipment and access to Lennox training materials, we ensure the school has the very best information and products to further enhance their curriculum and instruction. And, by gaining access to the Lennox network of dealers, the very best opportunities for their future graduates.
